However you are feeling about your results we can help you sort it all out.

Remember to take with you your candidate number and centre number... and safely keep any paperwork you're given.

I didn't get the grades I needed for my course...

Don't panic. Get in touch with the university or college as soon as possible. They may still let you take up your place or be able to offer you a place on another course. You may have got the grades you needed to take up your insurance offer. If not, you would be able to enter Clearing. Talk to your school, college and your Connexions Personal Adviser to see the full picture about your options in education, training and employment and to get the help you need to plan your next steps.

My results are better than I thought...

There might be some great opportunities now available to you that you had thought were out of your reach. If you had not applied for a higher education course, you could still apply through Clearing. If you feel that the options you had chosen are no longer right for you, then talk to your school, college and Connexions Personal Adviser as soon as possible. They will be able to help you plan your next steps.

I was really disappointed with my results...

That will hurt, but don't despair. There is always something you can do. Talk to your school, college and Connexions Personal Adviser as soon as possible. They will be able to help you review your situation and plan your next steps. Maybe you could retake your exams, take another course or apply for an Apprenticeship

I don't know who to talk to about my results...

You can talk to your friends, your family, your teachers and tutors all of whom will have some great advice to get you started. However, at Connexions we're the experts at giving you the advice and guidance you need to make choices. Come and talk to us, it's free and friendly and we are here for you.

I don't understand some of my results...

They can help you sort it out.
